REASONS FOR ALLOWANCE

Claims 1-41 are allowed.

The following is an examiner's statement of reasons for allowance: As per independent claims 1, 11, and 16, the Examiner accepts Applicant's arguments regarding the Pannell reference, namely that there is no obvious motivation to modify Pannell such that the first refrigeration circuit has a flow regulator for controlling a pressure differential between the first condenser and first evaporator, while the second refrigeration has a fixed flow restricting device so that refrigerant in the second circuit passes from the second condenser to the second evaporator at a substantially constant rate of flow.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc E. Norman whose telephone number is 571-272-4812. The examiner can normally be reached on Mon.-Fri., 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cheryl Tyler can be reached on 571-272-4834. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
